FOR FURTHER DETAILS OF THE PRODUCTS AND SERVICES AVAILABLE PLEASE CONTACT OUR HEAD OFFICE OR YOUR NEAREST DEPOT IF THAT IS MORE CONVENIENT.

YOUR KELVIN HUGHES COMPUTERISED CHART INDEX

This index has been designed to present clear and accurate details of the charts and publications contained in your chart outfit. It comprises three sections. The first is a list of the folios that make up the outfit, the second contains the contents of the folios, listed with full titles, in the same sequence as they are filed in your outfit and the third is a numerical listing of all items contained in the index and against which current edition dates are shown.

With the exception of those items that appear at the end of section 3 [numerical listing] under the headings "non new edition items" and/or "non stock items", all charts and publications contained in the index are included in our New Edition Service and new editions will be automatically supplied where this service is in operation.

OUR NEW EDITION SERVICE

Kelvin Hughes offer a free new edition service whereby a ship automatically receives the latest new editions of charts and publications contained in their chart outfit. The service can embrace all Admiralty charts and publications, American D.M.A. and N.O.S. charts and publications, including U.S. Coast Guard Light Lists, and any I.M.O., H.M.S.O. or I.T.U. publications, annuals and biannual and a selection of miscellaneous publications. The only charges made are for items supplied and any carriage involved.

If you would like any further details of our New Edition Service please contact us at any of the addresses on the previous page.
